2 1/2 - I believe THAT THIS WOULD HELP WITH THE BUDGET SHORTFALL

9) Kansas economic growth has been lagging behind our neighboring states and annual population growth is stagnant at an average increase of less than one-half of one percent per year. As a legislator, how would you address these problems?

START growing A budget surplus WHICH I believe will bring in more businesses in Kansas

10) The 2010 Legislature increased the state sales tax from 5.3% to 6.3% in part, to help fund a FY 2011 state general fund budget that increases spending by \$204 million over FY 2010. Once implemented, Kansas will have the largest sales tax amongst neighboring states. (Nebraska is next closest at 5.5%). Considering 33% of our population resides in a county bordering Missouri alone, do you support the decision of the Legislature?

NO. This legislator is only making things worse, in my view

11) Do you have any other positions or information that would be of interest to the members of AFP-Kansas?

Some of the most informative books I've read is Ron Paul's - End The Fed and Revolution, We need to get back on the Gold Standard and off the fiat or just printing money. Also, and I'm speaking as a doctor here these abortion clinics need to adhere to strict state sanitation codes. Also to effectively stem the tide of abortion, we must go to the supply in order to reduce the abortion rate.
