Derrick Sontag – State Director
Americans for Prosperity
2348 SW Topeka, Suite 201
Topeka, KS 66611

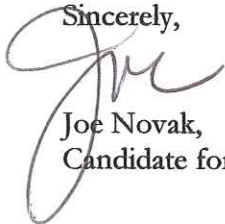

Dear Mr. Sontag,

Thank you for your recent communication and attached survey through the Americans for Prosperity in the state of Kansas. I would be happy to discuss issues focused on economic viability, job creation, adequate funding for public education and social services, and the importance of maintaining a comprehensive public safety program to insure that Kansas remains a safe and flourishing state for all our residents.

I will periodically update my website with up-to-date information on what I plan to do once elected and in working together with like-minded legislators for the future of Kansas. I invite you to visit my site from time to time to check on the progress of this important campaign.

In the meantime, I will be walking the neighborhoods of this great district listening to our constituents about their concerns for their state.

Sincerely,

Joe Novak,
Candidate for the 39th House District
